CBSE Board, Class 10th, Bihar Percentage: 81.8

PERSONAL PROJECTS

• Personal Portfolio Website || HTML, CSS, JavaScript

Designed a captivating website to showcase my skills, experiences, and projects.

[View Profile](#)

- Developed a website to display my skills, experiences, and projects. It helps employers and clients see what I can do in a clear and attractive way.
- Added interactive features like image hover effects, project displays, and smooth animations to make my accomplishments and projects stand out. These features make the website interesting and engaging for visitors.

• Calculator Web App || HTML, CSS, JavaScript

Designed a captivating website to showcase my skills, experiences, and projects.

- Developed a Calculator Web application using HTML, CSS, and JavaScript to provide users with basic arithmetic operations.
- Utilized JavaScript for dynamic client-side functionality, enabling users to input values and receive accurate real-time calculation results.

• Tic-Tac-Toe Web App || React.js

Developed a Tic-Tac-Toe web application using React.js to showcase my skills in front-end development.

- Built a Tic-Tac-Toe game with React.js, enabling users to play against each other with an intuitive user interface.
- Implemented dynamic state management and real-time updates, enhancing the interactive user experience.
